

all the criteria laid down by the FIP are met, Romanian Podiatry will have no difficulty in becoming a full member.

I am also a board member of the Faculty of Podiatric Medicine of the Royal College of Physicians and Surgeons of Glasgow, in which capacity I can assure you that the Faculty will be pleased to view all graduate practicing podiatrists in Romania very favourably if and when they apply for membership or fellowship.

Once again thank you for sharing your enthusiasm for my profession and I assure you of my fullest support.

Kind regards

Dear *Norina*,

Thank you for inviting me to become involved in the exciting project of bringing podiatry to Romania. I have looked closely at the curriculum you have put together and the plans you have for expanding podiatry throughout your country and find the prospect very exciting. In my time as Chairman of the College of Podiatry in London (2014 – 2016), despite over forty years as a clinician and educator, I gained a much greater insight into the value of podiatry to a health care system. The economics speak for themselves, but the reduction in human suffering is immeasurable. Also as you know I am chairman of the Recruitment Committee of the International Federation of Podiatrists (FIP-IPF) and I would like to assure you that once the clinical and educational plans you have come to fruition and
